TOUCH CLERK GROUP PERMISSIONS
BASIC TOOLS

OPTIONS	PERMISSIONS WITH OPTION SELECTED ✔
BASIC TOOLS	A control on whether any Basic Tools listed below can be accessed by the Clerk Group.
Change Keyboard	Allows Clerks to change the Keyboard design currently assigned to a POS Terminal.
Change to Training Mode	Allows Clerks to enter Training Mode meaning sales from that points are recorded/sent through to the Back Office. Integrated EFTPOS sales or Voucher Redemptions cannot be completed whilst a POS Terminal is in training mode.
Exit Program	Allows Clerks to exit/close the SwiftPOS Touch software on a POS Terminal.
Minimise Application	Allows Clerks to minimise the SwiftPOS Touch software on a POS Terminal. Handy where the computer SwiftPOS Touch is being used on is being used for multiple purposes (E.G. Reception/Admin Desks).
Settings	Allows Clerks to access all the Terminal Settings menu that controls how a POS Terminal behaves.
